Wholesale Price List for Fall, 1916

BULBS, SEEDS, PLANTS and SUNDRIES

Darwins and the War

DUE to war conditions the better varieties of Darwin and May Flowering Tulips are cheaper this year than they ever have been or probably will be again.

They bloom and thrive for years without deterioration, such as the early Tulips are subject to. Their flowers sell well in late May and on Decoration Day. They add to the attractiveness of the "Home grounds."

The large flowering sorts with **30 inch stems and blooms four to six inches in diameter** are comparatively unknown to the general public, hence the florist planting such sorts as Pride of Haarlem, Clara Butt, Baron de la Tonnaye, etc., where they may be seen by people passing, will cause a sensation in his town with an advertising value in excess of the cost of the bulbs.

This is the year to invest liberally in this class of Tulip. For prices and varieties see page 9.

HYACINTHS

"QUALITY BRAND" FRENCH ROMAN HYACINTHS

Due to the war, the crop of colored Roman Hyacinths is an entire failure, and white Roman Hyacinths are short in crop and small in size. However, our customers can rely on obtaining the best bulbs procurable.

Romans are an indispensable flower from Thanksgiving until Easter. We import only stock true to size, and well-ripened bulbs. Extra early delivery our specialty when so desired.

	100	1000
White. 11 to 12 centimeters, "Quality Brand"....	\$2 50	\$23 00

SELECT NAMED DUTCH HYACINTHS

Don't be misled by low offers and cheap prices if you are looking for results

We buy only the very best goods in the following. Intending purchasers can rely upon all bulbs being thoroughly ripened, fully up to specified size and "quality" and true to name. We offer four sizes—Top-root, 20 to 22 ctms.; First, 19 ctms. and up; Second, 17 to 19 ctms; Third, or Named Bedding, 17 ctms. These are Holland Standard sizes. We do not buy seconds' and send out as first size, or third size and send out as second size, which device is usually practiced by firms who make ridiculously low prices. You can rely upon our "Quality" bulbs.

	Doz.	100	1000
Extra Selected Top-Root Exhibition Named Dutch Hyacinths in a General Selection, 20 to 24 centimeters....	\$0 85	\$5 50	\$50 00

We specially recommend our 3d size named Hyacinths for bedding.

SINGLE WHITE AND TINTED

Albertina. Pure white; very fine.
British Queen. Very fine; pure white.
Grandeur a Merveille. Finest blush white; immense truss.
General Vetter. A grand white Hyacinth.
Grand Blanche. Blush white; very large bells; excellent truss.

L'Innocence. Pure white; extra large.
La Grandesse. Finest pure white; large bells.
Mme. Van der Hoop. Pure white; large truss; dwarf; late.
Mr. Plimsoll. Ivory white.
Queen of England. Pure white; fine spike; early.

For prices, see previous page

SINGLE RED, ROSE AND PINK

Cardinal Wiseman. Bright rose; large flower.
Etna. Brilliant pink; very large bells; late.
GENERAL DeWET. Light pink; also called the Pink Grand Maitre, because it is a sport of that well-known variety. Produces the same large spike, but of a pleasing pink shade.
General Pelissier. Deep crimson; fine truss; early.
Gertrude. Rosy pink; compact truss.
Gigantea. Blush rose; large; close truss.
Garibaldi. Glossy crimson; good truss; very early.
Jacques. Delicate pink; very large spike.
Kohinoor. Bright pink; extra large truss; one of the largest flowers; semi-double.

LADY DERBY. Most beautiful light pink. Owing to its large, compact spike on a strong stem, it is a splendid Hyacinth for pots as well as for bedding. It is very early and produces an extraordinarily large and nice bulb.

LA VICTOIRE. Immense, brilliant red truss of perfect form.

Moreno. Waxy pink; large bells and truss.

Ornament Rose. Light rose; superb flower.

QUEEN OF THE PINKS. Very lovely pink. This splendid novelty is a sport of the well-known King of the Blues. The pink color has the same brilliancy as the blue of its parent.

Rosea Maxima. Lovely pink; grand bloom.

Roi des Belges. Fine, deep red.

Victor Emanuel. Brilliant red; large truss; early.

SINGLE BLUE AND PURPLE

Bismarck. Light sky blue; blooms very easily at Christmas. The earliest blue Hyacinth.
Czar Peter. Large porcelain blue, lighter center; grand truss.
Electra. Porcelain blue; enormous flower.
Enchantress. Very delicate porcelain blue.
Grand Lilas. Light porcelain blue; good variety for early forcing.
Grand Maitre. Deep porcelain blue; large truss.
Johan. Pale blue gray; large bells, splendid, compact spike.
King of the Blues. Rich, dark blue; splendid, well finished truss.

Marie. Deep blue; large truss.

Menelik. The darkest of all the blues; immense truss.

Perle Brilliant. Light, brilliant blue; an excellent all-around variety.

Pieneman. Brilliant, light blue; large, broad truss.

Potgieter. Light blue; excellent variety.

Queen of the Blues. Porcelain sky blue; very large bells and fine spike.

Regulus. Porcelain blue; large bells.

Schotel. Light blue; splendid forcer.

SINGLE VIOLET

Lord Balfour. Deep violet; very early; enormous truss. The best of the violets.

Sir Walter Mansfield. Violet; splendid truss; one of the best in its color; splendid bedder.

L'Esperance. Dark purple; splendid bedding variety.

SINGLE YELLOW AND ORANGE

City of Haarlem. Golden yellow; extra large flower; one of the best of the yellows.

Ida. Pure, light yellow; large truss; early.

King of the Yellows. Pure, deep yellow; large truss.

MacMahon. Nankeen yellow; fine.

Marchioness of Lorne. Orange yellow; very fine spike.

Yellow Hammer. Golden yellow; the finest single of its color.

DOUBLE WHITE AND TINTED

Bouquet Royal. Pure white; yellow center; good truss.

Grand Vainqueur. Pure white; early.

Isabella. Blush white; large bells; large truss.

La Grandesse. The double form of this well-known variety.

La Tour d'Auvergne. Pure white; good bells; large truss; extra.

DOUBLE RED, ROSE AND PINK

Le Grand Concurrent. Beautiful, pale rose; large bells and truss; extra.

Lord Wellington. Delicate, rosy blush; large bells and truss; one of the best.

Chestnut Flower. Rose; large truss; very beautiful.

President Roosevelt. Fine, dark pink; a strenuous variety; large bells; early.

Prince of Orange. Rose red; semi-double; a beautiful variety.

DOUBLE BLUE AND PURPLE

Blocksberg. Pale porcelain blue; grand.

Garrick. Bright blue; very large bells.

General Kohler. Bright blue; extra fine; an excellent variety.

Van Speyk. Light blue; large bells and truss.

DOUBLE YELLOW

Goethe. Light yellow; large bells; fine spike.

Jaune Supreme. Deep yellow, salmon tinted.

Sir Rowland Hill. Pure dark yellow; large bells; very fine.

For prices see previous page.

Growing Bulbs in Fibre. Circularize your customers with reference to this easy and interesting method of growing Hyacinths, Narcissus, Tulips, Crocus, Lily of the Valley, etc. We will provide you with circulars printed with your name and address at \$5.00 per 1000. Sample mailed free on request.

Remember, you may deduct 5% if cash accompanies the order. This helps you to pay your express or freight.

SPECIAL MIXED HYACINTHS

For Bedding or Forcing

15 to 16 centimeters

These bulbs are equally suited for either bedding or forcing. They will all throw large, uniform spikes of flowers and cannot fail to give satisfaction.

Turenne. Purplish brown, with broad margin of soft yellow.....	75	5 00
Velvet King. Shining purple.....	1 00	7 00
Yellow Perfection. Light bronzy yellow, edged golden yellow.....	50	3 50
Mixed	20	1 25

Decoration Day, or May-Flowering TULIPS, Etc.

The difference between this class of Tulips and the Darwins is in some instances merely a botanical one, of little importance to the horticulturist, consisting of an inconspicuous yellow marking at the base of the petal inside the cup. Some varieties of Cottage Tulips are as large as the Darwins and have petals of obtuse shape. Many of them do not grow as tall as the Darwins, and a majority of the varieties have pointed petals which gives the flower a chalice shape, as will be seen in the accompanying illustration. They flower in May and June at the same time as the Darwins, and the majority of the varieties are equally as desirable.

BIZARRES. Handsome, rich flowers, with yellow ground, feathered or striped with crimson, purple and white; finest mixed.....	100	1000
	\$0 85	\$7 00
BOUTON D'OR. Has deep, clear yellow, globular medium-sized blossoms, with curious black anthers..	95	8 00
BYBLOEMS (Violets). Late Tulips, with white ground, blotched, striped or feathered with lilac, purple, violet, blue or black; finest mixed.....	95	8 00
BYBLOEMS (Roses). Superfine mixed.....	95	8 00
CALEDONIA. Bright orange. Height 20 inches....	85	7 00
CHAMELEON. Pale heliotrope, flaked maroon on a canary-yellow ground.....	3 25	30 00
CYCLOPS. Beautiful scarlet, with yellow center and black anthers. Height 24 inches.....	2 40	22 00

CYGNET. White, with black anthers. Height 20 inches.....	100	1000
	\$2 40	\$22 00
DORIS. Large, globular flower; lilac rose, flushed silvery gray; very tall.....	2 20	20 00
ELEGANS. Dark crimson, beautifully reflexed.....	1 00	9 00
ELLEN WILLMOTT. Undoubtedly one of the finest May-flowering Tulips. Flowers very large, beautiful in form and of a soft, creamy yellow; very fragrant. Height 18 in.....	2 00	18 00
FLAVA. Beautiful, soft lemon yellow. Fine for massing in beds of single color. Height 25 inches.....	3 45	32 00
GALA BEAUTY, or COLUMBIA. Blotched vermilion and golden yellow. Height 20 inches.....	5 75	55 00
GESNERIANA IXIODES. Fine yellow, black center.	4 40	42 00
GESNERIANA LUTEA. Beautiful, yellow, tall....	1 00	9 00
GESNERIANA MACROSEPIA. Crimson scarlet, black and yellow center.....	95	8 00
GESNERIANA SPATHULATA, or MAJOR. The beautifully curved flowers are brilliant scarlet, with a bluish-black center on tall stems.....	1 00	9 00
GREIGI. Large size; gorgeous orange scarlet.....	5 75	55 00
INGLESOMBE PINK. One of the best pinks.....	1 00	9 00
INGLESOMBE SCARLET. Brilliant scarlet, black base.....	1 20	10 50
INGLESOMBE YELLOW. Large, canary yellow..	2 00	18 50
ISABELLA, or Shandon Bells. The petals are a rose color, flushed or flaked with white when they are first open, and after two or three days change to a suffused deep rose and red. Remains longer in bloom than many others; stands well when cut. Height 20 in.....	95	8 00
LA MERVEILLE. A magnificent variety, with very large, sweet-scented blossoms. Salmon rose, overlaid with orange red. A grand border variety. Height 20 in.....	85	7 00
MAIDEN'S BLUSH, or Picotee. Clear white, margined on the edge with pink. The flower is beautifully curved, but it is somewhat difficult to give a correct idea of the color. When it opens the petals are white and margined or penciled with pink to cerise. After two or three days the flowers change to a deep rose, and, unless one is acquainted with it, it would not be recognized as the same Tulip. It stands well when cut. Height 20 in.....	1 00	9 00
MOONLIGHT. A big, oval-shaped flower of unusual substance on a very tall and strong stem. The color is soft yellow and pleasing, like that of moonlight, hence its name. One of the best novelties... Doz. \$2 75..	21	00
MRS. KERRELL. Light rose, with dull amber tinge, center white, bordered electric blue..... Doz. \$2 30..	16	50
MRS. MOON. The finest late yellow; beautifully reflexed petals.....	2 25	21 00
PARISIAN WHITE. Large, pure white.....	1 20	10 50
PRIMROSE BEAUTY. Soft primrose, changing to white. Height 16 inches..... Doz. \$1 50..	9	00
QUEEN ALEXANDRA. Soft sulphur yellow, with black anthers. Height 22 inches..... Doz. \$2 35..	17	00
ROYAL WHITE. Pure white.....	1 45	13 00
STRIPED BEAUTY. Rose, flaked deep crimson and white.....	1 90	17 00
THE FAWN. Very large, oval flower; light grayish rose, changing to soft rosy white. Height 20 inches. Doz. \$2 35..	17	00
VITELLINA. Pale primrose, passing off to pure white.	1 65	15 00
"QUALITY" SUPERFINE MIXTURE MAY-FLOWERING TULIPS. Excellent for outdoor cut flowers for Decoration Day.....	90	7 50

May Flowering Tulips

DARWIN TULIPS

Progressive florists are now forcing Darwin Tulips in large quantities. Varieties such as Bartigon, Wm. Copeland, Pride of Haarlem and Clara Butt can be forced into bloom with stems 12 to 15 inches in length by the middle of January. Any attempt to "draw" Darwin Tulips will result in failure. After being thoroughly rooted in the usual way they must be brought into full light in a cool house, transferring to a warmer house as growth advances.

Grown outdoors, Darwins are very effective for massed bedding and indispensable for cutting on Decoration Day.

Varieties marked with an asterisk (*) are recommended for forcing.

ORANGE PHENIX (Bacon and Eggs). Beautiful white-and-orange Narcissi..... 1 20 10 50

SULPHUR, or SILVER PHENIX (Codlins and Cream). Creamy white, pale sulphur center..... 1 35 12 00

BODDINGTON'S "QUALITY" DOUBLE MIXTURE. Excellent for bedding or naturalizing.... 1 00 8 50

NARCISSI AND DAFFODILS—Continued

Single Trumpet Narcissus for Christmas and January Flowering

SILVER SPUR. Resembles Empress. Yellow trumpet, white perianth, but flowers are more erect and borne on longer stems. Its chief advantage, however, is its earliness, flowering at the same time as Guernsey Golden Spur. 100 1000 \$3 00 \$28 00

GOLDEN SPUR, Guernsey-grown Bulbs. Cultivation same as for Paper-White Narcissus. Deep yellow perianth and trumpet; very large. Mother bulbs (1 or 2 flowers) XX. 2 00 18 00

FRENCH TRUMPET-MAJOR. These bulbs arrive at the same time as the Roman Hyacinths and Paper-White Narcissi, and, if treated in the same manner, can be flowered for Christmas. 1 30 11.50

Chalice-Cup or Star Narcissi

BARRI CONSPICUUS. Large, soft yellow perianth; short cup, edged orange scarlet. 100 1000 \$0 95 \$8 00

INCOMPARABILIS, STELLA. Large, white perianth; yellow cup. 90 7 50

INCOMPARABILIS, CYNOSURE. Primrose perianth, changing to white; cup stained orange. 95 8 00

INCOMPARABILIS, FIGARO. Perianth primrose-sulphur; cup bordered orange red. 1 00 8 50

LEEDSII, MRS. LANGTRY. Broad white perianth and large, white cup, edged bright yellow. 90 7 50

LEEDSII, QUEEN OF ENGLAND. Beautiful, large flowers, with fine, fringed, citron-yellow cup. 90 7 50

CUP NARCISSI, MIXED. Many varieties. 80 6 50

Poet's Narcissi

POETICUS (Type) (Pheasant's Eye, or Poet's Narcissus). Mother bulbs. 100 1000 \$0 65 \$5 50

POETICUS CASSANDRA. A noble and gigantic Poeticus Narcissus of tall, strong growth; flowers of fine substance, with broad, white perianth; cup deeply rimmed dark red. Doz. 90 cts. 6 50

POETICUS, HORACE. Broad, showy, white perianth; large cup, deeply edged blood scarlet. Doz. \$1 25. \$9 00

POETICUS, KING EDWARD VII. Snow-white petals and beautiful shape; cup canary yellow, bordered red; much larger and taller variety than the ordinary Ornatus. 2 00 18 00

POETICUS ORNATUS. An improved Poeticus. Pure white perianth; distinct red crown. 1st size bulbs, XX. 70 6 00
Top roots (3 flowers), XXX. 90 7 50

New Narcissi, Poetaz Hybrids

Hybrids between N. poeticus Ornatus and N. polyanthus varieties

Perfectly Hardy

ADMIRATION. Sulphur-yellow perianth, sulphur-yellow eye, bordered scarlet. Doz. \$2 50. \$18 50 100 1000

ALSACE. Petals pure white, with yellow eye; when bursting into flower the eye is slightly edged reddish. 1 50 \$13 50

ELVIRA. Pure white, with yellow eye; four flowers on a stem. 1 50 13 50

IDEAL. Perianth white, with dark orange eye; truss large, bearing six to seven flowers; beautiful, striking color. 4 25 40 00

IRENE. Perianth pure yellow, orange eye. Eight or nine flowers on a stem. 2 75 25 00

JAUNE À MERVEILLE. Perianth yellow, with deep, golden yellow eye. Doz. 90 cts. 7 00

MIGNONNE. White, orange-scarlet cup; four to five flowers on a stem. Doz. 70 cts. 5 00

Polyanthus or Bunch-Flowered Narcissi Paper White Grandiflora

NOTE.—The crop of Paper White Narcissus is very short and bulbs likely to be smaller than usual. Our customers may rely on getting the best procurable.

	100	1000	5000
12 centimeters and up, running about 1350 to the case.	\$1 00	\$9 00	\$42 50
13 centimeters and up, 1250 to the case.	1 15	10 00	45 00
14 centimeters and up, 1000 to the case.	1 40	12 50	60 00

GRAND SOLEIL D'OR. The "Yellow Paper-White." 100 1000

French-grown. Earlier than Guernsey-grown. \$2 10, \$19 00

Guernsey-grown. Not so early, but can be flowered for Christmas; superior as to color. 1 70 15 50

CHINESE SACRED. White, yellow cup. Top roots. See below. 8 00 75 00

DOUBLE ROMAN. White flowers, yellow cup. 1 15 10 00

GRAND MONARQUE. White flower, yellow cup. 1 60 14 00

GRAND PRIMO. Large, white flower, citron cup. 1 60 14 00

PAPER-WHITE GRANDIFLORA. See below. 1 40 12 50

STATEN GENERAL. Large, white flower. 1 40 12 50

Chinese Sacred Narcissi

IMPORTANT.—The crop of Chinese Sacred Lilies is a partial failure this year. The growers can only supply us with one-third of our contract for the regular size bulbs, and our advance orders have exhausted the total quantity we expect to receive; however, by bidding against the Chinese merchants in their own markets, we have secured a limited quantity of the highest quality top root bulbs which ordinarily are never seen in America. They are well worth the advanced price that we are compelled to ask for them.

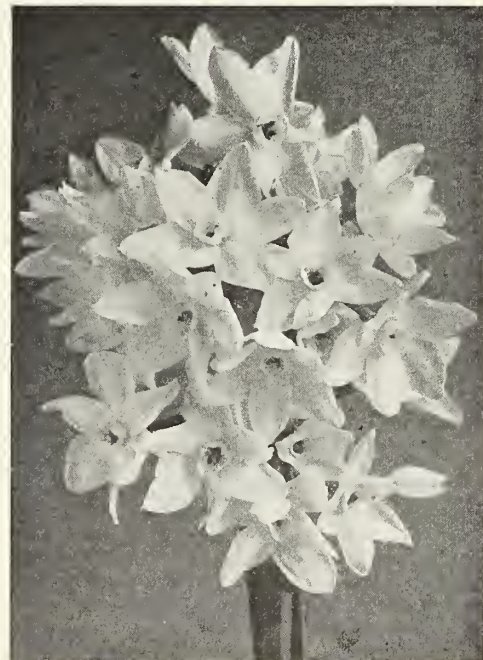

Top Roots. Per original basket of 30 bulbs, \$2.40; per mat (four baskets), 120 bulbs, \$9.00.

Jonquils *Narcissi Jonquilla*

Spencer Winter-Flowering Sweet Peas

Boddington's Re-selected Winter-Flowering Spencer Sweet Peas as grown by Wm. Sim, Cliftondale, Mass.

Cultivation.—White-seeded varieties must be sown in sand in small pots, not in earth, or they will rot or "damp off." Later transplant to the permanent position. Winter-flowering Sweet Peas should not be sown too thickly, about one ounce to 25 feet is sufficient. Thin out to about 3 inches apart when plants are about 6 inches high; if wanted for Christmas, sow before the end of September; if wanted during January, February and March, about the middle of October; if wanted for Easter, about the first of December. For successful growing, a temperature of 40 to 45 degrees at night and 10 degrees higher in the day is considered best. Red spider, thrip and green fly are the chief enemies of Sweet Peas; when affected spray with X. L. All Insecticide. Feed when plants are in full bloom.

We recommend the excellent work by J. Harrison Dick, "Sweet Peas for Profit,"—Full and concise instructions for growers. Price \$1.50 net.

The New Sensational Australian Spencers

The following are all of the "Yarrawa" strain, having heavy foliage and the strong growth of the Summer-flowering type, but with the true Winter-blooming Spencer characteristics. Seeds sown early in August will flower about December 1st and bloom profusely and continuously until May. The varieties are absolutely fixed and true to color and type. The flowers are exquisitely waved and when full grown will average $2\frac{1}{2}$ inches in diameter. They are borne usually in fours on extra long stems.

CONCORD CHARM. Delicate shades of white and blue-white wings and very light heliotrope standard, shading to nearly white; very captivating, of the best Spencer form and largest size. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD COUNTESS. Most attractive tint of pink, the ideal flower color. The color graduates to a lighter tint at the base of standard and wings, adding additional charm to this variety. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD COQUETTE. A most beautiful variety of the "veined" or mottled class. It has a white ground, faintly marked or mottled light rosy carmine, the standard showing the color rather more heavily than the wings. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD DAYBREAK. On opening the bud is cream with standard heavily edged buff pink. As the flower opens the cream changes to almost white, and the cream-pink edging to a faint, rosy tinge. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD EMPEROR. A rich, crimson-red variety, indispensable on account of its glowing color and splendid qualities of size, form, substance and freedom of flowering. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CÆRULEA. A glorious Sweet Pea of the most delightful shades of delicate sky blue, sometimes a little lighter. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

RUBY. A glowing, light crimson-scarlet color; blooms of good size, Spencer form, carried in threes, well placed on good, wiry stems. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

SALMONEA. A rich, rosy salmon variety of great merit. Very free flowering. The blooms being of good size and nicely waved form. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD PURPLE. One of the leading varieties of its color, which, on first opening, is a delightful shade of mauvy purple, changing, as the flower ages, to purple blue. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD RADIANCE. A very striking shade of rosy magenta; this variety is one of the showiest. Highest class as regards size, form, substance and stems. The color varies somewhat, according to the age of the flower, but this adds to its attractiveness. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

CONCORD WINSOME. Of a delightful shade of pink, tinted lavender; a most fascinating color. Pkt. (18 seeds) 35 cts., 5 pkts. \$1.50.

Trial Collection, one pkt. each of the 11 Australian Spencers, \$3.50.

Boddington's Gigantic Cyclamen

CYCLAMEN

Boddington's Gigantic

The seed of Cyclamen is often sown too early in the year; from the middle of August to the end of September is the best time. The seedlings should be grown on to the flowering stage without any check whatever. When grown cool, the results are most satisfactory.

FERN (Spores)

CULTURAL DIRECTIONS. Take a clean 5 or 6-inch pot, or 6 to 7-inch pan, and fill it to within 2 inches of the top with coarse ashes; on top of this put about 1½ inches of fine soil and firm down; give good watering with boiling water, using a fine rose; after drying off a little, sow the spores but do not cover; put in a saucer filled with water, placing a pane of glass over the pot or pan. Never top-water. After first real leaves appear they should be pricked out into flats.

White Clover (*Trifolium repens*). In mixtures, 1 or 2 lbs.; if alone. 8 to 10 lbs. to the acre. Lb. 60 cts., 10 lbs. \$5.75, 100 lbs. \$55.00.

PANSIES Boddington's Giants

Our Giant Pansy Seed during the past season gave unprecedented satisfaction. All the testimonials received mentioned specially high grade of flowers—color, form and size of the blossoms. This year, by adding improved types, intending customers can absolutely rely on a duplication of last season's success.

Sow seed in August and September, in light and well moistened soil, improved by Clay's Fertilizer, cow manure, or bone meal, in flats. When the seedlings are large enough to handle, transplant them to permanent position, which must be light, well sheltered, and away from trees or branches. If exhibition blooms are wanted, allow only one bloom to grow on each shoot; water freely. Protection from frost is necessary.

Pansy, "Boddington's Challenge"

BODDINGTON'S CHALLENGE. This Challenge Mixture contains all the finest Giant strains of the leading Pansy specialists in the world—the Giant self-colors, the Giant striped and margined, and the Giant blotched—all carefully mixed in proportion. **25 cts. per ½ tr. pkt., 50 cts. per tr. pkt., \$1.50 per ¼ oz., \$2.75 per ½ oz., \$5.00 per oz.**
